PROFESSIONAL EXPERIENCE:

Project: Apla ghar NGO Website:

This is a website for an NGO - I have worked on this project as a java backend developer.

This project is useful for people who run this NGO to maintain their donations and

donor data.

I have worked on the donation, donor, inquiry, and events module. developed APIS related to these modules and also implemented a Cashfree payment gateway for donations.

Responsibilities:

• Designing, developing, integrating, testing, troubleshooting, and debugging of the application.

• Developed the controllers layer and develop Business logic using Spring IOC, DTO, and persistent layer DAO, Hibernate for all modules

• Developed the code environment using IDE as Eclipse and deployed into Tomcat server developed with Maven to achieve more functionality for build process.

• My role is here as a Java backend developer, design database structure and creating API. I have used Postman Client for API testing

• Implemented Rest webservices using Spring Boot.

• Improved efficiency, executable size and readability of previously written code modules through code refactoring, optimization and documentation.

Project: WCCIA Connect:

This project is related to WCCIA-Wani Chamber of Commerce Industry and Agriculture, Pune.
It is one community app specifically developed for wani peoples to promote their business.
I have worked on both the admin panel and website. created backend APIs for this application.

Responsibilities:

• Actively interacted with Business Analysis for requirement gatherings.
• Design database structure and create API.

ACADEMIC QUALIFICATION:

Qualification	Institute/ University	Year	CGPA/Percentage
MCA	ATSS'S IICMR,Nigdi,Pune	2020	8.6
BCA	Institute of Technology and Management, Nanded	2015	59.63%

12th	Indira Gandhi Jr. College, Cidco, New Nanded	2011	51.33%
10th	Shivaji Vidyalaya, Cidco, New Nanded	2009	80.00%

EXTRA-CURRICULAR ACTIVITIES AND ACHIEVEMENTS:

• Won Star of The Month Award in College Twice during MCA First Year.
• Participated in C Scuffle Competition at PCCOE in 2018.
• I have Completed the "Spring framework for beginners with spring boot "course on Udemy.
• I have also Completed the "Learn core python, NumPy and pandas" course on Udemy as a part of the open subject in MCA 6th semester.
• Cleared Hackerrank Java Skill certification test.
• Developed static portfolio using template and hosted it on GitHub using GitHub Pages.
